

LQA System Mobile App Concept UI Design

A live Questions and Answer System in which customers can join live aerobic and fitness events and seminars broadcast only online. This app was in developed with the desktop version in mind, however, due to budgetary issues, the project was placed on indefinite hold.

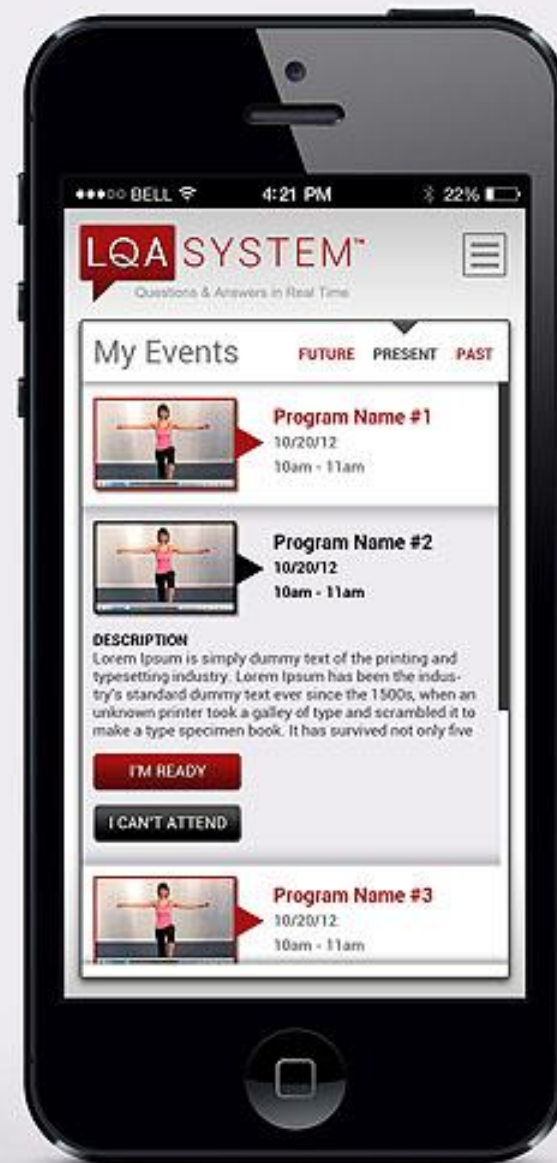

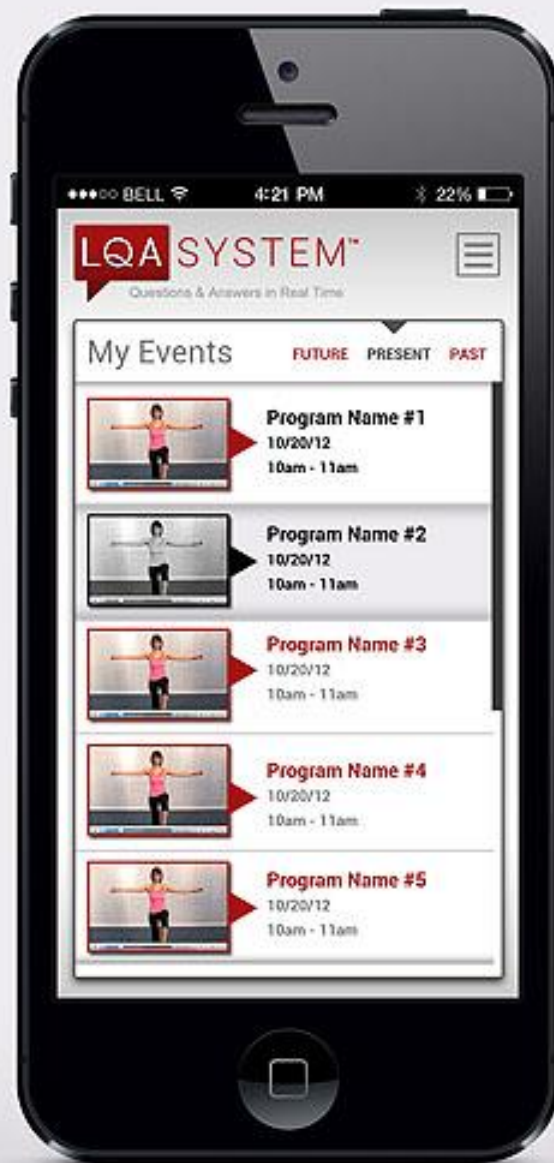

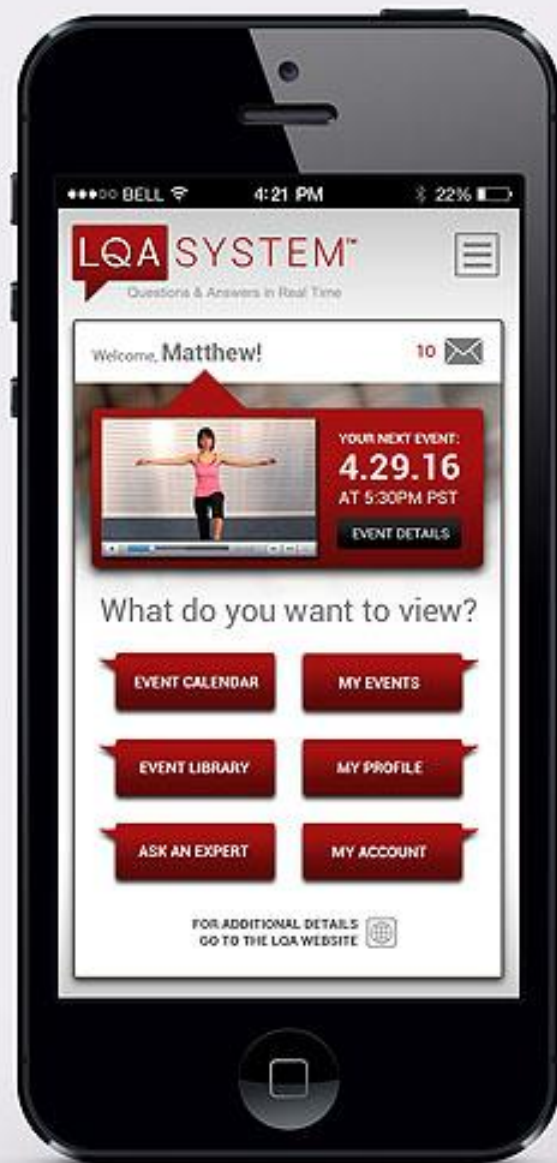

Samples presented here are for both the App which was designed first and then the beginnings of the website which would be developed simultaneously.

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
